Summary: Spoiler Warning to anyone who hasn't played Undertale or beaten the True Pacifist Ending. The battle was over. The barrier holding the monsters underground has been destroyed. But Frisk feels that their job is not over. Not when there is still one person left to save.

Undertale: Saving Everyone

****Undertale: Saving Everyone****

****SPOILER WARNING! SPOILER WARNING!** The story you are about to read is based on the end of the True Pacifist Ending. If you have not played or beating the game yet, either cover your eyes or click that back button, cause this is gonna be a huge spoiler for ya. Okay. Now that I warn the people that DIDN'T play yet, the people who did played can read this.**

****Hey guys.** Dizzie HamHam Writer here. I just finish playing the ever awesome game, Undertale. Yes I love the game, but the ending was...SO MUCH FEEL! I'm pretty sure that 90 if not 100 percent of us wanted to save the one person we couldn't. It upsets me SOOOOOO MUCH! I've seen fanart on DA and some fanfics on their take of how the game should have ending. So, now I'm doing my own take on how I think the one soul should have been saved. So I hope you guys like it.**

****Oh.** A few more things. Frisk is gonna be talkative for this story. I know most people want him to be mostly silent, but I wanted him to have words to say. Second, I usually see Frisk as a girl when I was first playing, but I feel that they should be a boy sometimes. Don't know why. I think that's all. Also, this story may be extremely sappy. Enjoy.**

"Finally. I was so tired of being a flower."

"Howdy! Chara, are you there? It's me, your best friend. Asriel Dreemur!"

"After I defeat you and gain total control over the timeline... I just want to reset everything."

"All your progress... Everyone's memories. I'll bring them all back to zero!"

"Come on...Show me what good your DETERMINATION is now!"

"What's this feeling...? What's happening to me?"

"I'm not ready for this to end. I'm not ready for you to leave."

"So, please... STOP doing this... AND JUST LET ME WIN!"

"I'm so alone, Chara... I'm so afraid, Chara... I..."

Those were the cries of the young goat boy, Asriel. The final battle between him and Frisk was finally concluded. Frisk watched as Asriel stood and crying several tears.

"I'm so sorry." Asriel said sobbing. He then wipes off the tears from his eyes and looks at Frisk. "I always was a crybaby wasn't I, Chara?"

"Asriel...I'm not..." Frisk tried to tell him.

"... I know. You're not actually Chara, are you?" Asriel said. "Chara's been gone for a long time." Asriel knew the truth and looked down at the ground for a few moments. He then looks back up at Frisk. "Um... what... What IS your name?"

"My name is Frisk." Frisk said to him.

"Frisk? That's...a nice name." Asriel said smiling. "Frisk...I haven't felt like this in a long time." Asriel then continued to talk. "As a flower, I was soulless. I lack the power to love other people. However, with everyone's souls inside me... I not only have my own compassion back... but I can feel every other monster's as well. They all care about each other so much. And... they care about you too, Frisk. I wish I could tell you how everyone feels about you. Papyrus... San... Undyne... Alphys... Toriel."

"You don't need to." Frisk replied. "I already know. I feel the same way for them."

"Monsters are weird." Asriel said.

"I already knew that too." Frisk said smiling.

The two began to laugh a bit.

"Even though they barely know you...It feels like they all really love you. Ha ha..." Asriel said. He then started to look sad.

"Frisk... I... I understand if you can't forgive me. I understand if you hate me. I acted so strange and horrible. I hurt you. I hurt so

many people. Friends, family, bystanders... There's no excuse for what I've done."

"Quit being so mooney." Frisk stated. "Of course I forgive you."

"Wh...what?" Asriel said surprised.

"You're not the only guy that tried to kill me." Frisk said. "Almost every monster I meant tried to kill me at least once. Including your dad AND your mom. But I forgave all of them, so I can forgive you. Hating someone isn't really my thing."

"... Frisk, come on. You're... You're gonna make me cry again." Asriel said looking a bit teary. "... besides, even if you do forgive me... I can't keep these souls inside of me. The least I can do is return them. But first... There's something I have to do."

Asriel had a serious look on his face.

"Right now, I can feel everyone's hearts beating as one." Asriel said. "They're all burning with the same desire. With everyone's power... with everyone's determination... it's time for monsters... to finally go free."

Asriel then closed his eyes and he started floating up as he summoned the power from the six human souls and all of the monster souls from the underground inside him. Frisk took a few steps back and was feeling powerful waves from all the souls resonating.

"A...Asriel! Wh... what's happening?" Frisk asked him.

The next thing Frisk saw was a blinding light. Then it happened. With the power, the barrier holding the monsters down to the underground... was destroyed. Asriel then went back down to the ground.

"I destroyed the barrier." Asriel said.

"The barrier's gone? So... that means... both me and the monsters can go to the surface." Frisk said smiling. "This is great. We can all go together now. You can see your mom and dad again."

Asriel started to frown and look down. He knew the truth about things.

"Frisk... I have to go now." Asriel said.

"What?" Frisk said surprised.

"Without the power of everyone's souls... I can't keep maintaining this form." Asriel stated. "In a little while, I'll turn back into a flower. I'll stop being "myself." I'll stop being able to feel love again."

Frisk then had a stunned look.

"So... Frisk. It's best if you just forget about me, ok?" Asriel told him. "Just go be with the people who love you."

Some tears started to come to Frisk's eyes. Frisk didn't really want to hear Asriel say any of that stuff. They walk over to Asriel and then hugs. Asriel was surprised but he did the same.

"Ha... ha..." Asriel laughed. "I don't want to let go..."

"I'm not gonna force you to." Frisk said.

Asriel laughed a bit again, but he knew he couldn't hold on to Frisk forever. So he then let go and broke the hug. Frisk then took a few steps back.

"Frisk... you're...you're going to do a great job, ok?" Asriel said. "No matter what you do, everyone will be there for you, okay?"

Asriel then started to walk forward. Frisk couldn't help but feel pain in his heart.

"Well...My time's running out. Goodbye." Asriel said walking forward some more. "By the way... Frisk... take care of Mom and Dad for me, okay?"

Frisk should feel happy. Everyone was saved. The barrier was broken. They didn't have to kill anyone. They even made peace with Asriel. They really should feel happy...but they didn't. As Frisk watched Asriel slowly walk away, they admittedly ran over to Asriel and grabbed his left arm and halted him.

"Huh? Frisk!" Asriel said surprised that Frisk stopped him. "Frisk, why did..."

Frisk's job wasn't done yet. It was the fact that he didn't save everyone. The fact that there was still one more person left to save. The fact that he couldn't just watch and do nothing. All of these things filled Frisk's with blazing determination. More than they have ever felt before.

"I can't stop now. Not yet." Frisk said. "I still have to save everyone."

"Frisk? What do you mean?" Asriel said. "I've already freed everyone's souls."

"No! I still have to save one person left." Frisk said. "That's you, Asriel. I have to save you too."
